FAQ's

1. What is Sac Republic's Week of Service?

Week of Service is a week of outreach that brings together the Sacramento community through Sac Republic fans, employees, and first team players leading up to our season opener game. We invite you to apply for your organization to have a day of volunteerism from the Sac Republic community.

2. Who will be volunteering?

Volunteers will consist of Sac Republic fans, employees, and first team players. Players will only be able to attend based on availability and are not guaranteed. We also do not expect our volunteers to be professionals in any laborious position they are in. Please note this when requesting a project that will use power tools or hard labor.

3. If I submit my RRV, am I guaranteed volunteer hours from Sac Republic?

By submitting your proposal, you are not guaranteed a spot on our Spring 2025 Week of Service but can be considered for different volunteer opportunities throughout the year. Make sure to select 'YES' when asked if we can use this project or reach out to your organization in the future if we do not carry out the project in March.

4. What is the confirmation process?

Once your proposal has been submitted, we will review it and pick 5 of the best fits for Week of Service 2025. Everyone will receive an email confirmation that we have received your proposal and another one whether we are moving forward with your project or not at this time. We will accept 5 projects, and selected organizations will have until February 14th to confirm and finalize. Failure to confirm your project will result in us moving to the next project.

We look forward to connecting and working with your organization this year. Nothing is too big or too small so let your ideas run free. As always, if you have any questions, reach out to community@sacpublicfc.com
